STAT

MEMORANDUM FOR: Deputy Director for Administration

FROM:

  
Deputy Director of Security (PTOS)

SUBJECT: Security Violations - Directorate of  
Administration

Attached for your information is a report reflecting that 11 security violations were charged during July 1979 to employees of DDA components. Also attached is a graph which compares, by month, the number of violations for your components for the years 1977, 1978 and 1979. While the incident of occurrences remains high, when compared to previous years, this month continues a trend of decline. The failure of the individual to conduct his security check in an unhurried, methodical manner remains the most significant factor contributing to these violations.
